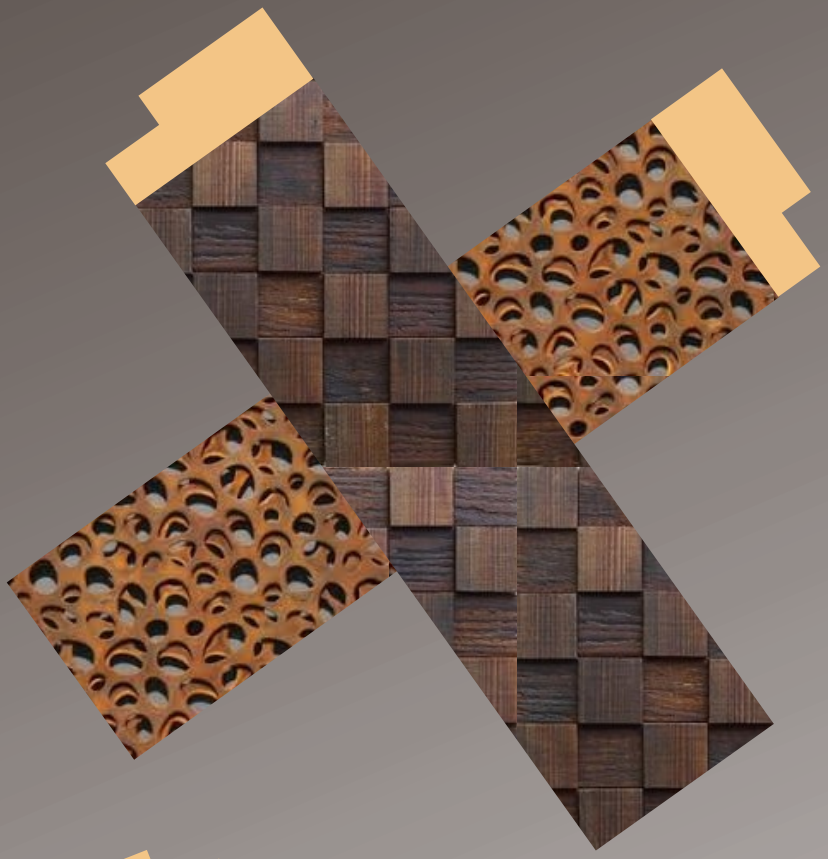
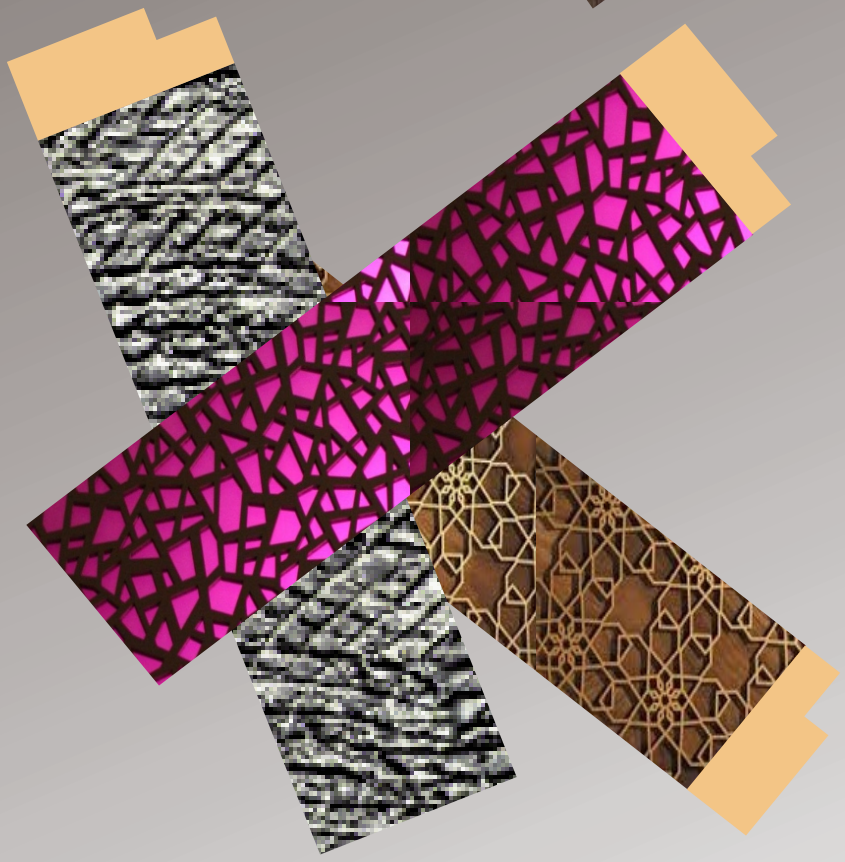
BRIGHT Group

An oxford Bright Group Company





CORPORATE PROILE

BRIGHT GROUP is the distribution wing of the oxford Mouldings Group of companies. It is the group's
endeavor to promote various framing products in India sourced from the world over. Every each
product promoted by BRIGHT GROUP is thoroughly researched,evaluated,studied and handpicked and targeted to specific segment of the market in India.

By setting up and establishing the first ever state of the art factory producing quality Ps (polystyrene)
moulding / profiles for picture frames in 1997, the oxford Mouldings group kick started and pioneered a
majorrevolution and transformation within the picture framing industry in India. The underlying notion
was the passion of the group to bring about reforms and innovation in the world of framing which had remained dormant and primitive for several years in spite of India's economic boom and hence the
robust demand. BRIGHT GROUP (previously know as Pacific Exim) was initiated by the group in 2003 with the same passion and desire to be india's window to fine quality products manufactured in
other parts of the world and thereby to facilitate systematic, inclusive and all around growth within the India framing industry.today BRIGHT GROUP is India's largest professionally managed distribution
company and a one stop shop for all framing needs.It has offices,showrooms and warehouses in Mumbai and New Delhi and a countrywide reach and distribution network.

Mumbai and New Delhi and a countrywide reach and distribution network,
