

Open Pan Evaporimeter

KAIZEN IMPERIAL is a renowned business entity engaged in Manufacturing, Supplying and Exporting of Scientific and Laboratory Equipments. Our wide range of Scientific and Laboratory Equipments is widely accepted among the clients and caters solutions to the needs of various industries such as chemical industry, pharmaceuticals, etc. Our range includes Laboratory Instruments, Hydrological Instruments, Meteorological Instruments, Soil Testing Instruments, Plant Testing Instrument, Petroleum Testing Instruments and Sensors. Our equipment is known for its distinctive features such as reliability, easy operation, durability and high performance among the clients across the globe.

We are supported by a diligent team of workforce that help us in developing a proven range of products. Further, these products are carefully checked by our quality controllers on different parameters of quality in order to match the high industrial standards. Today, we have been identified as a reputed Manufacturer and Exporter of general laboratory instruments and soil testing instruments.

Open Pan Evaporimeter

Evaporimeter, instrument that measures the rate of evaporation of water into the atmosphere, sometimes called an atmometer. Evaporation rates are so sensitive to the water supply, and the nature of the evaporating surface, data collected by Evaporimeter often do not reflect true evaporation processes; hence, Evaporimeter have limited use. This Pan Evaporimeter is manufactured as per IS:5973 :1970.
