

## Automatic Weather Station

KAIZEN IMPERIAL is a renowned business entity engaged in Manufacturing, Supplying and Exporting of Scientific and Laboratory Equipments. Our wide range of Scientific and Laboratory Equipments is widely accepted among the clients and caters solutions to the needs of various industries such as chemical industry, pharmaceuticals, etc. Our range includes Laboratory Instruments, Hydrological Instruments, Meteorological Instruments, Soil Testing Instruments, Plant Testing Instrument, Petroleum Testing Instruments and Sensors. Our equipment is known for its distinctive features such as reliability, easy operation, durability and high performance among the clients across the globe.

We are supported by a diligent team of workforce that help us in developing a proven range of products. Further, these products are carefully checked by our quality controllers on different parameters of quality in order to match the high industrial standards. Today, we have been identified as a reputed Manufacturer and Exporter of general laboratory instruments and soil testing instruments.

## Automatic Weather Station

The standard Weather Station offers professional weather monitoring and outstanding value for money. Our weather stations are known for their precision measurements, rugged construction, wide operating temperature range and low power consumption. The standard weather station consists of a weatherproof enclosure which contains the data logger and power supply, and comes complete with a solar panel, tripod stand and basic range of sensors (Air Temperature, Relative Humidity, Wind Speed, Wind Direction and Rainfall). The data shuttle is a pocket-sized device that can be used to download and transport the data to a personal computer, allowing the Weather station to stay in place for continuous monitoring / recording. The shuttle connects to a PC and is used with the turn-key software to readout and view the data. User friendly Windows based weather station software allows you to view collected data. Data file is saved in Microsoft's Excel format.
