

CREATE ADMIXTURE 93

Description

Home Pride Wall Plaster is cement based for walls, floors and ceiling (Interior/Exterior). It is high quality water resistant plaster which can be used rendered surfaces. It fills the fine pores of walls and ceiling and provides a white/grey smooth and dry leveling surface. It requires water curing. HP wall plaster can be applied even on moist surface. It has more adhesion strength, durability and increases the life of structure. It gives a superior finish.

Features and Benefits

- Saves time
- Less water curing
- Easy to use
- Economical
- Environmentally friendly

SUITABLE SURFACE

Block, Brick, Sand plaster, old plaster surfaces

Area of Application

Interior & exterior

Mixing

Add 25-30% clean water to HP wall plaster and mix thoroughly with the help of mixing blade/stirrer. Now paste is ready to use after making sure that it is lump free.

DIRECTION OF USE

APPLICATION

- Clean base by removing dust, loose particle with help of wire brush

- Now wet surface should be clean with water
- Now the surface is ready for plastering
- Apply HP wall plaster on moist surface

Shelf Life & Storage

12 months, store in dry & cool place

Coverage

Coverage will depend upon the thickness of the plaster which can vary surface to surface.
