

HOME PRIDE GROUT ADMIXTURE

Description

Home Pride HAD-1 Admixture is a polymer liquid to be used with sanded & unsanded grouts. HAD-1 Admixture when used in place of water provides a dense, colorfast grout ideal for all interior and exterior applications. It enhances the longevity of cement grouts for all types of ceramic & vitrified tiles and stones. It prevents any moisture or water to seep into the back of the tile which protects the discoloration.

Features & Benefits

- Color fastness
- Compressive strength
- No curing required
- Highly durable & economical.
- Superior quality

Area of Application

Designed for interior & exterior walls, floors of both residential and commercial areas.

Application

Mix with grout thoroughly and apply.

Suitable Surface

Can be used for all type of stones and tiles
