Hardening Agent

# BOND MAX

## Hardening Agent

25 kg

Bond Max is a hardening agent admixture formulated to provide accelerated setting during low ambient temperatures whilst increasing early and final strengths.

### Advantages:

- ✍ Accelerated setting time
- ✍ Increases early and latter age compressive strengths
- ✍ Denser & less permeable concrete
- ✍ Early form removal or early use of concrete
- ✍ Bleed reduction due to the greatly improved setting times
