

## JETEX Compressor Oil 68 SP

**JETEX Compressor Oil 68 SP** is a high performance compressor oil developed for screw compressors. It provides sufficient lubrication under a wide operating temperature and load conditions. The formulation provides superior thermal & oxidation stability, good demulsibility and rust protection.

### Application

- All types of screw compressors where a mineral oil is recommended.

### Benefits

- Excellent oxidation and thermal stability
- Anti-wear additives provide protection against component wear & tear.
- Protection against rust and corrosion
- Longer component life, Reduced equipment downtime, Lower maintenance costs

### Performance standards

Performance exceeds the requirements of the following standards,

- Denison Hydraulics HF-0
- DIN 51524 Part II
- CETOP RP91H

### Typical product data

Characteristics	JETEX Compressor oil 68 SP
KV, cSt @ 40°C	64 - 72
VI, min	95
Flash point(COC)°C Min	240
Pour Point°C Max	-18

(These are typical figures and do not constitute a specification)
