

New GOOD BABY

*Super absorbent
Anti-leak barriers*

*Full protection
for day and night*

SPECIAL FEATURES OF GOOD BABY

- **SILKY TOUCHING SURFACE:** GOOD BABY'S special soft silky touching surface immediately transfers the liquid to GOOD BABY's green absorption layer.
- **QUICK ABSORPTION & DISTRIBUTION SYSTEM**
GOOD BABY's special distribution layer quickly takes the liquid away from your baby's sensitive skin and blocks it inside the diaper. It always keeps your baby dry.
- **LEG CUFFS:** These two waterproof barriers give extra safety in preventing the leakage even when your baby is in motion.
- **ADJUSTABLE FASTENING TAPES**
With this fastening system, you can adjust and control GOOD BABY lots of times.
- **LEG ELASTICS**
Special leg elastics do not irritate your baby's sensitive skin and let your baby move comfortably.
- **DAY & NIGHT PROTECTION**
With these special features of GOOD BABY you can use this diaper during both the day and the night time securely for your baby.
