

## HANDHELD MULTIMETER DOT 721

- Auto power off
- 4 ½ Digit LCD
- Max display 19999 counts
- Large LCD display
- 1000 VDC, 750 VAC
- 20 A AC/DC, 200 MΩ,
- 20 μF, 20 K Hz
- Diode, continuity, transistor check
- Data hold
- Over Load protection
- Over Load Indication
- Polarity Indication

### Technical Specifications

| Function             | Range                               | Accuracy                                                                           |
|----------------------|-------------------------------------|------------------------------------------------------------------------------------|
| DC Voltage           | 200mV-1000V                         | For 200mV±(0.1%+3dgt), For 2/20/200V±(0.1%+2dgt),<br>For 1000V±(0.15%+5dgt),       |
| AC Voltage           | 2V-750V                             | For 2/20/200V±(0.8%+10dgt), For 750V±(1.2%+15dgt),                                 |
| DC Current           | 200μA-20A                           | For 200μ/2m/20mA±(1.8%+2dgt), 200mA±(2.0%+2dgt),<br>For 20A ±(2.0%+10dgt),         |
| AC Current           | 2mA-20A                             | For 2m/20mA±(2.0%+3dgt), 200mA±(2.0%+5dgt),<br>For 20A ±(2.5%+10dgt),              |
| Resistance           | 200Ω-20MΩ                           | For 200Ω±(0.2%±20dgt), For 2K/20K/200K/2MΩ±(0.2%±10dgt),<br>For 20MΩ±(0.2%±20dgt), |
| Capacitance          | 2nF-20μF                            | For 2nF/20nF/200nF/2μ/20μF±(4%+5dgt)                                               |
| Frequency            | 20KHz                               | ±(3%+5dgt)                                                                         |
| Diode Test           | Yes                                 |                                                                                    |
| Transistor Test      | Yes                                 |                                                                                    |
| Continuity Buzzer    | Yes                                 |                                                                                    |
| Auto Power Off       | Yes                                 |                                                                                    |
| Data Hold            | Yes                                 |                                                                                    |
| Power Supply         | 9V Battery                          |                                                                                    |
| Maximum Display      | 19999                               |                                                                                    |
| Product Net Weight   | 310g                                |                                                                                    |
| Products Size        | 176×88×38mm                         |                                                                                    |
| Standard Accessories | Test Lead, Battery, Manual, Holster |                                                                                    |
