

**PUSH / PULL  
ACTION TOGGLE CLAMP-  
CENTRE BASE**

'P-TECH' Push/Pull Action Toggle Clamp-Centre Base has its base at the centre and the bigger two sizes have more centre height than the front base model to accommodate larger work piece. Width of the mounting base is also less in this case which makes this type of push action clamp more compact. Other features of this clamp are same as in case of front base model.

**Standard Accessories provided with Clamp :** Standard Hex, Head Clamping Spindle assembly is provided as standard accessory.
