

**TOOL MAKER'S GRINDING  
VICE-PIN TYPE**

ITEM CODE	MODEL	OVERALL LENGTH L	OVERALL HEIGHT H	OVERALL WIDTH W	JAW DEPTH A	MAX. JAW OPENING B
14201	PTMGV-3	190	75	75	40	105
14202	PTMGV-4	245	85	100	45	130

**FEATURES/USES**

'P-Tech' Tool Maker's Grinding Vice has body of one-piece construction made of tool steel, hardened, tempered & precision ground. This vice can be used standing on its base, sides, end or top. Movable jaw is spring loaded for positive down hold & quick retreat. Due to downward pressure of jaw, job does not tilt while tightening in this vice. This vice can be used as a reference for inspection.

- ◆Hardened & Tempered to 52 - 56 HRC.
- ◆All side Parallelism & Squareness within  $\pm 0.005$ mm.
- ◆Inspection Certificate is furnished
