

GT-MAX

BATTERY STRAPPING TOOLS
FOR PLASTIC STRAP

GT-Series is the battery strapping tool range by SIAT Maillis that provides you with the best solution for heavy duty applications.

STRAPPING

GT-MAX

SIAT enlarges its GT range with the latest launch in battery hand tools: GT-MAX. The machine has all the advantages of a proven GT series member but incorporates innovative power and strength which is required in heavy duty applications linked with metal or wood industries.

SPECIFICATIONS

- Package type:** Flat surface (min. 120 mm)
Round surface (min. diam. 700 mm)
- Strap quality:** PET
- Strap width:** 25 mm / 32 mm
- Strap thickness:** from 0.9 mm up to 1.30 mm
- Max. tension on single strap:** 6.500 N
- Max. tension on the package:** 13.000 N
- Max. tension speed:** 5,0 mt/min
- Joint type:** Friction weld seal
- Weight:** 6,2 kg (including battery)
- Battery:** Akku Power SP7 36 Vdc 5 Ah Li-Ion

KEY FEATURES

- » Weight: 6.2 Kg including battery (the lightest on the market)
- » Functioning mode: automatic / manual
- » Brushless motor with encoder
- » Perfect handling
- » Robust plastic cover with natural rubber handle.
- » Front & rear guides adjustable for the strap dimensions

OPTIONALS

- Battery Akku Power SP7 36 Vdc 5.0 Ah Li-Ion
- Battery charger for Li-Ion Battery Akku Power

LED battery charge indicator and USB connection

One-hand battery extraction system

MAIN ADVANTAGES OF GT RANGE

- » Easy to use tool. The lightest in the market for its category
- » Compact and ergonomic design with non-slip rubber handle
- » Efficient operation due to good balance
- » Simple and user-friendly interface
- » Digital display with visible parameters
- » Low maintenance required, due to brushless motor
- » Suitable for different strap sizes: i.e. 25 mm and 32 mm (1" and 1 1/4).
- » Stable performance due to Li-Ion battery technology (with no "memory effect")
- » Option to lock the keypad in order to improve safety
- » Easy removable casing for quick maintenance

STRAPPING IS NOTHING WITHOUT CONTROL

If durability is required within different applications then the **GT-MAX** strapping tool is the right equipment for all your strapping challenges.

Easy to use and adjust, it ensures **high performances, cost efficiency** and user friendly packaging solutions for PET straps.

Thanks to the new BMS (Battery Management System) the tool can check the battery status and can interact with it through the electronic board. The Battery (depending on the application and usage of the machine) can reach up to 300 cycles per single battery charge, and more than 500 charge and discharge cycles. The power and high energy of the GT-MAX battery will allow you to work without stopping. PN C521012800Z

Universal Battery charger will ensure protection on thresholds for temperature and internal pressure of the charging batteries to improve quality and increase battery life.
