Ultimate Capability, Ultimate Off-roader

The KnK Sidewinder SR-II was developed and tested extensively on a variety of terrains before being added to the company's line of karts. The Sidewinder is a two-person fun kart with fixed roll cage with front and rear suspension.

For adventurers wishing to have some safe fun in a twin-seater buggy, the KnK Sidewinder is an excellent choice.

Driving across difficult terrain to reach spots on private estates and building sites will be a snap with the KnK Sidewinder. They are safer than quad bikes since the occupants are restrained in a roll cage with a seat belt.
