

Steril BD-18

BIOBAN PLUS

MULTIPURPOSE Cleaner and ODOR Remover, BIOBAN removes odors biologically, cleans all surfaces and replaces all other disinfectants and chemicals – saving you water, labor and costs.

- 100% green, biological based.
- Low VOC certified.
- Effectively seeks out organic wastes.
- Inhibits growth of pathogenic bacteria.
- Clears and maintains drainage pipes.
- Eliminates sources of most offensive odors.
- Safe, non-toxic to humans and animals, biodegradable, non-acidic, non-caustic and guaranteed non-pathogenic strains.

To keep the urinal bowl clean, clog-free and pleasant-to-use. BIOBAN eliminates urinal odors, lime scale & uric scales stains and protects cleaned surfaces against new contaminants.

All waterless urinals should be cleaned thoroughly everyday as with other urinals. Apply BIOBAN at least once to twice daily for cleaning on urinal with brush and rinse, or spray directly into urinal surface and floor area underneath the urinal particularly on areas where urine spill can occur in between cleaning and leave to dry.

AUTOMATIC DISPENSER: Use diluted liquid for automatic urinals to have proper dosing ,which will give pleasant ,clean washrooms.

FOR REFILLING: Dilute 1 part BIOBAN Concentrate up to 20 parts with water (25ml sachet to 500ml with water) in a sprayer bottle) then spray directly to the bowl or surfaces.

OTHER USES: For cleaning toilet bowl surfaces, floors (grout, crevices, corners), basins, mirror, window, walls, refuse bins and all fixtures in washrooms including drain pipe maintenance. BIOBAN reduces cleaning requirements and does away with corrosive acid-base toilet cleaners, bleach or disinfectants, drain chemicals, toilet sanitisers & air fresheners.
