HEPATITIS MANAGEMENT – A, B, C, D and E

NON-INVASIVE DIAGNOSIS and THERAPY for HEPATITIS: A, B, C, D and E

An inflammation of the liver.

HEPATITIS **refers to an inflammatory condition of the liver. It's commonly caused by a viral infection, but there are other possible causes of hepatitis. These include autoimmune hepatitis and hepatitis that occurs as a secondary result of medications, drugs, toxins, and alcohol. Autoimmune Hepatitis is a disease that occurs when your body makes antibodies against your liver tissue.**

Most common types and SYMPTOMS:

Some cases have no symptoms. When symptoms occur, they can include yellow skin or eyes (jaundice), nausea, abdominal pain, fatigue and fever.

Hepatitis A

A highly contagious liver infection caused by the hepatitis A virus.

Symptoms include fatigue, nausea, abdominal pain, loss of appetite and low-grade fever.

Hepatitis B

A serious liver infection caused by the hepatitis B virus.

Symptoms are variable and include yellowing of the eyes, abdominal pain and dark urine. Some people, particularly children, don't experience any symptoms. In chronic cases, liver failure, cancer or scarring can occur.

Hepatitis C

An infection caused by a virus that attacks the liver and leads to inflammation.

Most people have no symptoms. Those who do develop symptoms may have fatigue, nausea, loss of appetite and yellowing of the eyes and skin.

Hepatitis D

A serious liver disease caused by infection with the hepatitis D virus.

Symptoms include abdominal pain, nausea and fatigue.

Hepatitis E

A liver disease caused by the hepatitis E virus.

Symptoms include jaundice, lack of appetite and nausea. In rare cases, it may progress to acute liver failure.

Autoimmune Hepatitis

Inflammation in the liver that occurs when the immune system attacks the liver. Symptoms include fatigue, abdominal discomfort and joint pain.

Alcoholic Hepatitis

Liver inflammation caused by drinking too much alcohol.

Symptoms include yellow skin and eyes along with increasing stomach size due to fluid accumulation.

In case of infectious forms of chronic hepatitis, like hepatitis B and C, one may not have symptoms in the beginning. Symptoms may not occur until the damage affects liver function.

Signs and symptoms of acute hepatitis appear quickly. They include

- **Abdominal pain**
- **Dark urine**
- **Fatigue**
- **Flu-like symptoms**
- **Loss of appetite**
- **Pale stool**
- **Unexplained weight loss**
- **Yellow skin and eyes, which may be signs of jaundice.**

Chronic hepatitis develops slowly, so these signs and symptoms may be too subtle to notice.

LIVER CLENSE / DETOX

For persons having alcohol, add ice cubes made with 11.5 pH water. Drink 60 ml. of 11.5 pH water to take care of the damage to the liver and avoid after effects like hang over, after drinks.

Persons having any LIVER disorder should consider this as a first line of action. Any Liver disorder – acidity, allergy, gas formation, fatty liver and cirrhosis should start on 11.5 pH water.

Drink 60 ml. twice a day for best results.

Our work involves to DE-STRESS all concerned areas, causing an imbalance, leading to Diseases / Disorders. We work to MANAGE STRESS, to help the system function normally. Our work pattern is to DETOXYFY the system. Support it with ESSENTIAL SUPPLEMENTS & FREQUENCY ENERGIES. And finally, provide CORRECTIVE FREQUENCIES, to restore balance in the system. We strongly believe in "BODY HEALS ITSELF".

We very well know, at initial stages there are no symptoms. It can be diagnosed only when revealed on the physical. But by then it is too late.

We, at MEHAK WELLNESS CENTRE, under the expertise of DR. RAJEEV MEHRA, a GOLD MEDALIST and REIKI GRAND MASTER offer NON-INVASIVE Diagnosis on State of the Art, latest 21st Century technology to verify the onset or presence of HEPATITIS VIRUS and LIVER condition. Infection, Inflammation and damage to the Liver. We are in a position to diagnose and treat for HEPATITIS A, B, C, D, and E.

This can be diagnosed much before any other modern science equipment / test could diagnose.

We, run a GENETIC test along with testing for AUTO IMMUNE disorders and are in a position to guide the client of a future onset or presence of any disease or disorder concerning LIVER. If any type of HEPATITIS is detected, and the Liver condition.

With vast experience of 35 years, working mainly with Cancer patients and being awarded with 80+ Certificates & Awards, DR. MEHRA is confident of giving positive results in all cases handled by them. Type of Hepatitis and Liver condition is revealed.

The test thus helps us in taking preventive measures for the disease much before it can show up on the regular physical tests.

What we do / how we tackle this issue.

We conduct a test to reveal the Genetic component involved in this disease. On having the results for the Genes, Auto Immune, Hepatitis and Liver, we are in a position to assess the damage done or possible damage in the near future.

Our work is NON-INVASIVE. We work with BIOFEEDBACK & RADIONICS. FREQUENCY HEALING. Virus could be of any type, makes no difference, therapy remains the same.

Being in NON-INVASIVE stream, we do not recommend any type of drugs, medicines as they would not deliver any positive long lasting result. As far as possible we advise to avoid removal of any part from our body.

Cause of HEPATITIS is mainly due to virus leading to infection, inflammation and damage to the Liver. Thus by working on the root cause and stabilizing the GENES, AUTOIMMUNE disorders and all parameters related with HEPATITIS & LIVER, we are in a position to eradicate the virus without any side effects or danger to client's health. Complete eradication of the virus from the liver, and working to restore the damage done to the liver is undertaken.

Causes of HEPATITIS built up and damage to the Liver are undertaken for correction, along with other related issues instigating / provoking / supporting the virus and damage to the Liver. Of 46 CHROMOSOMES, 23 directly affect the functioning of the Liver, thus balancing of these CHROMOSOMES is the first / initial line of action.

Our work mainly involves 4 stages- DETOXIFICATION; CHROMOSOME test, to identify hereditary issues, faulty programming; IMMUNITY test, to verify an AUTOIMMUNE angle and finally support with SUPPLEMENTS (AMINO ACIDS, HORMONES, MINERALS and VITAMINS).

REVERSAL OF ALL CONDITIONS, DISEASES, DISORDERS POSSIBLE.

We advise to COMPLEMENT our services, with the ongoing therapies / treatment for better and faster results.

We strongly recommend DETOX procedure. This should be started immediately. COLLOIDAL SILVER WATER, ANTIOXIDANT HYDROGEN RICH WATER, ATOMY VITAMIN C and use of ZAPPER. Not to forget Liquid Chlorophyll and ATOMY MULTI VITAMINS. RADIONICS and RIFE FREQUENCIES for basic corrections; start immediately on the RADIONICS maintenance kit. DIETARY SUPPLEMENTS (HemoHIM) for speedy recovery. NON-INVASIVE therapy is administered, which could take 18 to 72 sittings depending on the individual's resistance from within and the body's ability to HEAL.

60 ml. twice a day, and with / after having alcohol consume 11.5pH water for Liver Detox.
