SUBJECT: PORTFOLIO OF M/s LAKSHMI ENGINEERING WORKS

Introducing ourselves as registered makers and suppliers of various varieties of **hydrological, metrological, geological, river gauging, scientific instruments** gives us great pleasure.

With their complete satisfaction, we are providing these things to all government and semi-government departments. In our workshop, we also perform the repairs on these instruments.

All of our instruments come with a one-year warranty from the date of supply. Therefore, we kindly ask

Radio altimeter that you add our company name to your mailing list and ask about our high-quality equipment so that we can provide you with the most affordable quotes.

Thanking You

PRAVEEN KUMAR

Digital open pan Evaporimeter

The amount of evaporation measured from open pan type evaporimeter is incorrect due to considerable amount of extraneous losses caused by birds, especially during the hot summer months in tropics, Electronic alarm device is designed to prevent the birds drinking or disturbing the water from the evaporimeter and to get reliable data of evaporation. The comparative study of reading from two evaporimeters, one with the electronic attachment and the other without it, clearly indicates the utility of the arrangement.
