India's No.1 Manufacturer of Entrance Automation Product

INDIA'S NO.1 MANUFACTURER OF ENTRANCE AUTOMATION & SECURITY PRODUCTS

At Mosfi, we are proud to be a leading Manufacturer, Importer, Distributor, and Service Provider specializing in security and automation products since 2013. With a strong presence in the global market for years, our reputation is built on innovative solutions, uncompromising quality, and outstanding customer support.

Empowering "Make in India": We are committed to producing good quality products under the renowned Mosfi brand.

Delivering Long-term Value: We aim to provide reliable and sustainable solutions by offering original spares for up to 10 years for selected models, ensuring the longevity of our products.

Expanding Market Presence: With a network of support across major cities in India, we ensure that quality security solutions are always within reach, wherever they're needed.

Our vision is to be a performance-driven organization that thrives on innovation and customer satisfaction. We are committed to upholding unparalleled service standards, offering exceptional support and technical expertise. By continuously developing a comprehensive portfolio of products, we aim to meet the growing demands of the market and deliver value-added solutions to our clients.

Comprehensive Product Range: We offer a wide array of security and automation solutions to meet diverse needs.

Unmatched After-Sales Service: Our after-sales support and backup services are among the best in the industry, ensuring complete customer satisfaction.

Trusted by Prestigious Clients: Our association with some of India's most respected organizations, including Ram Mandir Ayodhya, Centra Vista, Indian Army, Navy, Air Force, BARC, BEL, Adani, Samsung, L&T, Yashobhumi, and many more, attests to the trust and credibility we've earned over the years.

Technical Specification VOLKER

Model	VOLKER 201
Ddimension & Barrier Material	1200H*330W*1000MM,+ -10% SS 304 Thickness Of Sheet 1.2 mm
Operating Time	0.8 Sec
Passage Width	<550 MM
Operiting Direction	Unidirectional/BI Directional
Flap Retracting Side	Single Side (101) Dual Side (201)
Led Indicator	Provided ON Body
	Stainless Steel 304
Flap Material	SS 304
Led Light On Flap	Provided (Optional)
Motor Type	24 V DC Brushless
AC Input Voltage	AC- - / 220V+- 10% 50-60 HZ
AC Input Power	30-60 HZ
Operational Voltage	DC 24V 20W
Working Current	<2000 mA
Opening Signal	Dry Contact Signal
Safety Function	Anti Collission, Anti Pinch Illegal Intrusion Alarm Self Test Function Infrared Quantity 3 Pcs (6 Pcs Can Customize)
Alerts	Voice And Strobe
Operating Mode	Id Card Swapping And Other Reading Head Verification, Button Opening
IP Degree	IP 44
Working Environment	Indoor/Outdoor (If Sheltered
Operating Temp	-10 To 60 DEG
Humidity	95%
