
☐☐Product Brochure: PPC Cement

☐ ☐Product Overview

Portland Pozzolana Cement (PPC) is a blended cement made by mixing Ordinary Portland Cement (OPC) with pozzolanic materials such as fly ash. It offers enhanced durability, reduced permeability, and long-term strength, making it ideal for large-scale infrastructure and marine construction.

☐ Technical Specifications

Attribute	Details
Type	PPC (Portland Pozzolana Cement)
Packaging Size	50 kg per bag
Packaging Type	HDPE Sack / PP Sack
Compressive Strength	≥ 43 MPa (28 days)
Initial Setting Time	≥ 30 minutes
Final Setting Time	≤ 600 minutes
Color	Grey
Shelf Life	3 months from date of manufacture
HS Code	2523.29

☐ ☐Export Details

- **Place of Origin:** India
 - **Port of Loading:** Tuticorin
 - **Incoterms Available:** FOB / CIF / EXW
 - **Container Capacity:** ~480 bags per 20-ft container (24 MT max)
 - **Processing Time:** 1 month
 - **Delivery Time:** 30 days
 - **Minimum Order Quantity:** 1 container (480 bags)
-

☐ Applications

- Residential and commercial buildings
 - Dams and marine structures
 - Roads and bridges
 - Mass concrete works
 - Long-term durability projects
-
