

All in One Cleaner.

Our advanced enzyme-based cleaning solution is formulated for effective, eco-friendly, and residue-free cleaning. It is ideal for use across a wide range of surfaces in both commercial and residential settings:

CleanServe®
Cleaning Solutions

Automotive & Public Transport

Bus Glasses & Windows:

Streak-free cleaning of exterior and interior glasses, removing dust, grease, and pollutant residues.

Vehicle Mirrors

Clear, smear-free finish enhancing visibility and safety.

Commercial & Corporate Spaces

Office Window Glasses

Removes fingerprints, stains, and grime for a spotless and professional appearance.

Stainless Steel Fixtures

Ideal for taps, door handles, & frames-leaves them shiny & clean without scratching.

Residential Applications

Bathroom Fittings

Effective on water taps, showerheads, & glass cubicles to remove watermarks & soap scum.

Kitchen Surfaces

Can be used on glass cabinets, stainless steel sinks, and appliances.

Hospitality & Retail

Hotel & Showroom Glass

Maintains spotless, gleaming glass surfaces enhancing customer impressions.

Display Units & Mirrors

Removes oily residues & dust with ease, keeping displays bright and clear.
