## Technical Specification:

| Standard Model                          | Unit           | SM-40SB               |
|---|----------------|-----------------------|
| Working Temperature Range               | °C             | Ambient ..... + 100.0 |
| Temperature Display Resolution          | °C             | 0.1                   |
| Temperature Stability                   | °C             | ±0.3                  |
| Electronic Timer                        | min            | 1 to 9999             |
| Bath Volume                             | L              | 40                    |
| Usable Bath Volume (Water Filling)      | L              | 14                    |
| Minimum Water level to keep from Bottom | mm             | 75                    |
| Heater Watt.                            | KW             | 2                     |
| External Dimensions                     | (L x W x H) mm | 510 x 360 x 380       |
| Internal Bath Dimensions                | (L x W x H) mm | 450 x 290 x 290       |
| Safety Alarms / Buzzer                  |                | Low Water Level Alarm |
| Power Specifications                    |                | 230 VAC, 10 A, 50Hz   |
