Comfort :

### C O M F O R T

SOME DAYS GETTING OUT OF THE BED IS JUST NOT AN OPTION. WELL STAY THERE OUR SOLUTIONS LET YOU CONTROL THE WHOLE HOUSE WHEREVER YOU ARE.

RODUCTS DESIGNED BY PASSION & FUNCTIONALITY. OUR REMOTE BECOMES WHAT YOU WANT IT TO BE..

Tired of looking at similar products in different colors? Our remote control is designed with you in mind. Touch it and it wakes up becoming a remote for TV, Security System, Mood Lighting and much more.

### UNLIMITED HOME AUTOMATION PROFILES

Our Home Automation solution is customised to your every needs. Remote AC ON & OFF helps you save energy and gives you a comfortable home when you reach from your office.

Your room is ready for you pre cooled to beat off that hot summer day.

### NEVER WALK-IN TO A DARK HOUSE AGAIN

Our Home Automation solution is aware of the weather and time, open your door while it is raining or when it is dark outside and your lights will automatically turn on all the way to your bedroom. Give it a few minutes and it automatically sets the lighting to normal mode turning off unwanted lights or dimming them to a low brightness level.

## COMFORT USE CASES

### Lighting

Kids - Auto turn off lights used by kids especially bathrooms with your own timer

Elderly - Customized buttons for elderly on the remote control to control whole house lighting

Maids - Custom icons like Broom stick & Mop to turn on and off the fans while cleaning the house

### Drapes

Good Morning - All drapes are open for natural lighting & close automatically when you watch movie

Away mode - Your curtains will automatically open and close at random intervals to show activity in the house

### Air Conditioning

Turn on your AC before you reach home to get a cold welcome on a hot summer day

Set particular time of the day as never ON, so the AC will not turn on and waste energy when you are out

## 1. Convenience :

### C O N V E N I E N C E
