Company Profile

KAIZEN IMPERIAL is a renowned business entity engaged in Manufacturing, Supplying and Exporting of Scientific and Laboratory Equipments. Our wide range of Scientific and Laboratory Equipments is widely accepted among the clients and caters solutions to the needs of various industries such as chemical industry, pharmaceuticals, etc. Our range includes Laboratory Instruments, Hydrological Instruments, Meteorological Instruments, Soil Testing Instruments, Plant Testing Instrument, Petroleum Testing Instruments and Sensors. Our equipment is known for its distinctive features such as reliability, easy operation, durability and high performance among the clients across the globe.

We are supported by a diligent team of workforce that help us in developing a proven range of products. Further, these products are carefully checked by our quality controllers on different parameters of quality in order to match the high industrial standards. Today, we have been identified as a reputed Manufacturer and Exporter of general laboratory instruments and soil testing instruments.

It is Light weight, compact in size, high efficiency solid state circuit with auto tuning facility.

Ultrasonic Cleaner Bath is specially designed with seamless stainless steel inner pot. Outer is made of stainless steel.

OPERATING FREQUENCY:

36 +/- 3 KHz or 22 +/- 3 KHz

Maximum Temperature Range : 7 0° C

Resolution : 1° C Accuracy : +/- 2° C

Sensor : PT - 100 RTD Sensor

Power supply : 230 V AC 50 Hz.

PURPOSE :

To clean PCB, Conductors, Laboratory Glass Wares, Dust, Oil, Grease, Polishing Compounds & Others.

Size In MM	Capacity In Liters	Rating (watts)
235 x 135 x 65	1.5 Liter	50 W
235 x 135 x 100	2.25 Liter	60 W
235 x 150 x 100	3.3 Liters	100 W
250 x 150 x 150	6.00iters	150 W
300 x 165 x 150	8.0 Liters	200 W
300 x 200 x 150	9.0 Liters	250 W
