

# CNC Wood Router Machine

W series cnc router mainly for wood,MDF,plastic,acrylic,double color board etc non-metamaterials engraving or cutting.

Model No.

ST-6090

ST-1212

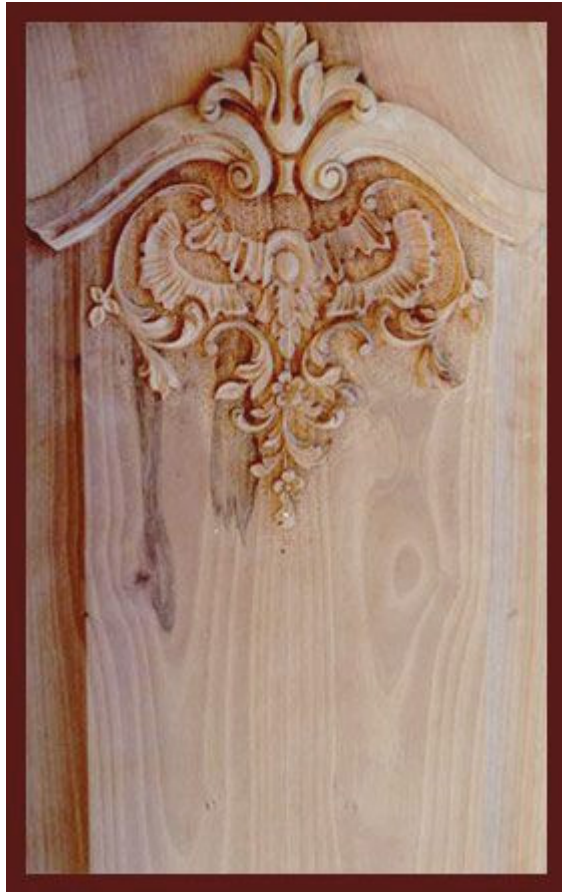

ST-1215

ST-1218

ST-1224

ST-1325

# Standard model

Frame	wholly steel structure
X,Y traveling area	1300*2500mm,1500*2500mm,2000*3000mm
Z traveling area	200mm
Table size	1580*3100mm,1800*3100mm,2300*3300mm
Table surface	Vacuum table & T-slot extrusions
Max.running speed	50000mm/min
Max.carving speed	30000mm/min
Motion Positioning Accuracy	± 0.03/300mm
Repositioning Accuracy	± 0.05mm
Control system	DSP control system(NCstudio for option)
Z-axis setting	Auto Z origin tool high sensor
Software environment	Windows98/2000/XP
Power	2000w
Working voltage	AC380V/50HZ
Spindle power	4.5KW Inverter-driven cooled by water(or air for option)
Spindle speed	0-24000rpm
Working Mode	Stepper motor (servo motor for option )
Lubrication System	Oil lubrication system
Dictate Formate	G code, *.u00, *.mmg, *.plt
Software	Artcut, Type3, ArtCAM
