

INFINITY Load Link(Dynamometer)

MODEL ILS

Capacity : 3 , 5, 10, 20, 30 T

**Alloy Steel -Heavy duty design
for reliability & accuracy**

Units : kg, lbs, kN

- Application-lifting, pulling ,safety, testing & measuring of tensile force
- Capacity 3, 5,10,20, 30T
- Integrated load cell design for high reliability
- Accuracy 1:2000
- Display units selectable kg, kN, lbs
- 6 Digit 18mm LCD with back lighting
- 3 operation key for ease of operation
- Alloy Steel material design for heavy duty usages for reliability & accuracy
- Peak Load real-time weighing
- Overload Alarm & low battery indication
- Operation temperature -20°C ~ +45°C
- 4x AA Size Battery operation

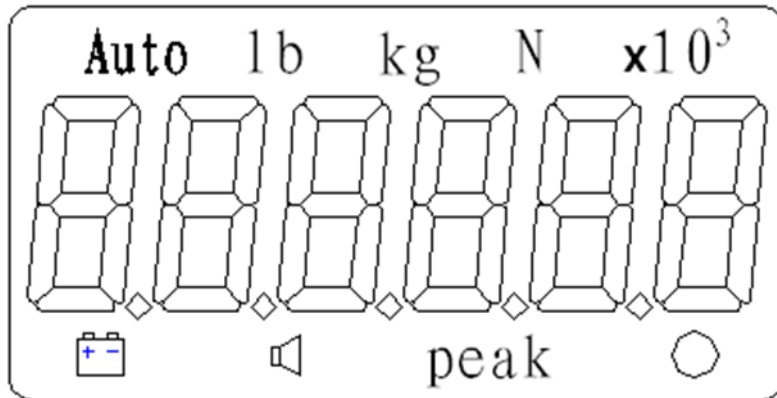

Max. Capacity (kg)	Standard Division	Division Hi Resolution	Resolution Standard
3000	1.0	0.5	1/3000
5000	2.0	1.0	1/2500
10000	5.0	2.0	1/2000
20000	10	5.0	1/2000
30000	10	5.0	1/3000
